Truffle Season Begins at Mezzaluna, Tower Club at lebua

November 3, 2014

Truffle Season Begins at Mezzaluna: Those who have been waiting since last autumn for the rare and elusive Alba white truffle from Italy’s Piedmont region will be pleased to learn that the diamonds of the culinary world are now being served at Mezzaluna at Tower Club at lebua as an option on both the four-course and seven-course chef’s tasting menus. The elegant half-moon space that is lebua’s “freshest and highest restaurant” is indeed an exquisite setting for these culinary diamonds, all of which can be eaten with an unbroken view of the city. 
Jaipur

Jaipur is home to Amber Fort, which is a must-see when you are in 'The Pink City'. The main tourist attraction in the region is the Amber Fort with its spectacular red sandstone and marble structure. Within the Fort, visit the The Sheesh Mahal the Mirror Palace where thousands of tiny, glittering mirrors reflect light. You can challenge your kids to sketch the intricate carvings around the fort or take photos of the brilliantly painted and decorated elephants. Another great way to admire this fantastic Fort and appreciate its scale is to board a hot air balloon and make for the skies. The views are amazing!

A contemporary option for Jaipur is Lebua Resort. Located on the outskirts of the city, the hotel has a children's activity centre to entertain them while you relax and indulge in a massage at Lebua Spa. Try your hand at kite-flying on the roof terrace, a traditional Indian sport, or maybe rent bikes and explore the scenic beauty of the area.
